

Customer
project repo

```
graph TD; A[Customer project repo] --> B[Terraform module dir]; A --> C[Ansible playbook dir]; A --> D[docs dir];
```

The diagram illustrates a directory structure for a customer project repository. At the top is an orange box labeled 'Customer project repo'. A vertical line descends from its bottom-left corner, with three horizontal arrows pointing to the left of three stacked boxes below. The first box is purple and labeled 'Terraform module dir'. The second box is red and labeled 'Ansible playbook dir'. The third box is blue and labeled 'docs dir'.

Terraform module dir
